KOOTENAY ANNOUNCES \$4 MILLION NON-BROKERED PRIVATE PLACEMENT

Kootenay Silver Inc. (TSXV: KTN) (the “Company” or “Kootenay”) announces a non-brokered private placement of up to \$4,000,000 (the “Private Placement”) consisting of 20,000,000 Units (the “Units”) at a price of \$0.20 per Unit (the “Placement Price”). A non-solicited lead order of \$2,000,000 has been received from a well-known gold mining fund on a fully subscribed Private Placement basis.

Each Unit shall consist of one common share (“Common Share”) and one-half of a transferable common share purchase warrant (“Warrant”). Each Warrant entitles the holder to acquire one Common Share at an exercise price of \$0.30 for a period of 36 months immediately following the closing date of the Private Placement. A finder’s fee of 6% shall be paid at the election of the Company in cash or Common Shares, of the portion of the proceeds raised in the Private Placement through the efforts of arm’s length finders.

Net proceeds of the Private Placement will be used to fund the exploration and development of the Company's La Cigarra project in Chihuahua State, Mexico, possible new acquisitions and for general working capital purposes.

All securities to be issued pursuant to the Private Placement will be subject to a four month hold period from the closing date under applicable securities laws in Canada and among other things, receipt by Kootenay of all necessary regulatory approvals, including the TSX Venture Exchange.

The securities being offered under the Private Placement have not been, nor will they be registered under the United States Securities Act of 1933, as amended, or state securities laws and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons absent U.S. federal and state registration or an applicable exemption from the U.S. registration requirements. This release does not constitute an offer for sale of securities in the United States.

About Kootenay Silver Inc.

Kootenay Silver Inc. is an exploration company actively engaged in the discovery and development of mineral projects in the Sierra Madre Region of Mexico and in British Columbia, Canada. Supported by one of the largest portfolios of silver assets in Mexico, Kootenay continues to provide its shareholders with significant leverage to silver prices. The Company remains focused on the expansion of its current silver resources, new discoveries and the near-term economic development of two of its priority silver projects located in prolific mining districts in Sonora, State and Chihuahua, State, Mexico, respectively.

Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS:

The information in this news release has been prepared as at November 14, 2017. Certain statements in this news release, referred to herein as "forward-looking statements", constitute "forward-looking statements" under the provisions of Canadian provincial securities laws. These statements can be identified by the use of words such as "expected", "may", "will" or similar terms.

Forward-looking statements are necessarily based upon a number of factors and assumptions that, while considered reasonable by Kootenay as of the date of such statements, are inherently subject to significant business, economic and competitive uncertainties and contingencies. Many factors, known and unknown, could cause actual results to be materially different from those expressed or implied by such forward-looking statements. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date made. Except as otherwise required by law, Kootenay expressly disclaims any obligation or undertaking to release publicly any updates or revisions to any such statements to reflect any change in Kootenay's expectations or any change in events, conditions or circumstances on which any such statement is based. More particularly, this release contains statements concerning the anticipated Private Placement and a potential lead order. Accordingly, there is a risk that the Private Placement will not be completely sold or the lead order will not fulfill its intended subscription to the Private Placement, or the Private Placement will be completed within the anticipated time or at all.

Cautionary Note to US Investors: *This news release may contain information about adjacent properties on which we have no right to explore or mine. We advise U.S. investors that the SEC's mining guidelines strictly prohibit information of this type in documents filed with the SEC. U.S. investors are cautioned that mineral deposits on adjacent properties are not indicative of mineral deposits on our properties. This news release may contain forward-looking statements including but not limited to comments regarding the timing and content of upcoming work programs, geological interpretations, receipt of property titles, potential mineral recovery processes, etc. Forward-looking statements address future events and conditions and therefore involve inherent risks and uncertainties. Actual results may differ materially from those currently anticipated in such statements.*

This press release uses the terms "Measured", "Indicated", and "Inferred" resources. United States investors are advised that while such terms are recognized and required by Canadian regulations, the United States Securities and Exchange Commission does not recognize them. "Inferred Mineral Resources" have a great amount of uncertainty as to their existence, and as to their economic and legal feasibility. It cannot be assumed that all or any part of an Inferred Mineral Resource will ever be upgraded to a higher category. Under Canadian rules, estimates of Inferred Mineral Resources may not form the basis of feasibility or other economic studies. United States investors are cautioned not to assume that all or any part of Measured or Indicated Mineral Resources will ever be converted into Mineral Reserves. United States investors are also cautioned not to assume that all or any part of a Mineral Resource is economically or legally mineable.
